Hello
everyone,

I hope you've had a great start to the new year 2024! I am excited about what's to come, so I wanted to share some of my favorite projects from last year with you.

I'm so grateful for the trust you've placed in me, and I'm excited to work on more beautiful and exciting projects this year.

While my focus is mainly on Architectural Photography and luxury resorts, I've had the opportunity to work on a variety of exciting projects with amazing clients. Here are some of my favorites.

If you have any inquiries, questions, or suggestions, please don't hesitate to send me an email at: ales@photoales.com

The Biltmore Hotel Villas

I When it comes to luxury hospitality design, The Biltmore Hotel Villas is a hidden gem with beautiful architecture. It is located in Al Barsha and I had the honor of photographing this exceptional project. The composition, staging, lighting and final post-production had to be perfect because the hotel is expecting high-end clientele and everything has to be immaculate.

Audemars Piguet

2

In November 2023, I had the pleasure of doing a photoshoot for Audemars Piguet once again, during the 6th edition of Dubai Watch Week at the Dubai International Financial Centre (DIFC). Audemars Piguet is renowned not only for its exceptional watchmaking but also for its well-planned marketing strategies, including photo and video shoots, deliverables, mood boards and well-organized commissions. It's always a pleasure to work with such clients.

Banyan Tree ALULA

3

Imagine a resort that blends seamlessly with the natural beauty of Ashar Valley, Saudi Arabia. The interior design is inspired by Bedouin life. Local plants and water harvesting techniques were used to minimize carbon footprint. This was a highlight project and absolute pleasure to create images that bring many design awards.

Waldorf Astoria

4

The first Waldorf Astoria in the United Arab Emirates, located in Ras Al Khaimah, opened in 2013 and features luxurious interiors designed by HBA London. It is my pleasure to contribute to the hotel's vision and goals by showcasing it in its best light through storytelling and mood-setting. The interior design at Waldorf Astoria RAK, crafted by HBA London, immerses guests in a luxurious experience inspired by the history, tradition, and culture of the UAE, evoking calm and serenity.
